License Renewal for LPFM Radio in SC

Low Power FM (LPFM) radio service was created by the Federal Communications Commission (FCC) in January 2000. LPFM stations are authorized for noncommercial, educational broadcasting only and operate with an effective radiated power of 100 watts or less. The approximate service range of a 100 watt station is 5.6 kilometers but can extend out to as much as ten miles from the signal source. Seven Catholic schools/apostolates were granted broadcast licenses over the last several years. In 2019, these organizations were required to apply for license renewal by August 1. The following stations completed applications with the FCC:

Charleston, SC – Bishop England High School – WBEI-LP 102.9 FM
